

LUCK GROVE
PRESENTS

Savoring
SCIENCE

JUNE 6, 2024

MOST*

Fueling Curiosity, Inspiring Futures

Luck Grove, as a leading digital infrastructure and network connectivity company, is committed to leveraging the power of technology to drive change in our community. Together, we understand the pivotal role that STEM education plays in shaping the future of our youth.

At Luck Grove, we believe in investing in the next generation of innovators and problem-solvers. That's why we're proud to support programs that promote science, technology, engineering, and mathematics, like the MOST.

Luck Grove and its employees would like to thank the MOST for the opportunity to be the presenting sponsor at this year's Savoring Science.

LUCK GROVE

 www.luckgrove.com

Thank you!

Welcome to the Milton J. Rubenstein Museum of Science & Technology's 24th annual Savoring Science! Thank you for your ongoing support of our STEM education and outreach programs.

Be sure to check out our exciting online silent auction and visit the National Grid ExploraDome before we walk over to Lemon Grass to dine on the exquisite cuisine prepared by Max Chuthinthranond, exclusively for the MOST.

There are so many to thank for this evening, including our presenting sponsor Luck Grove, the MOST Board of Trustees & Foundation Board, our Fund Development Committee, and all of tonight's attendees. By joining us tonight, you're showing that you value the importance of informal science education programs and exhibits for our community and our future.

Enjoy this evening—we'll see you again soon for TAP into the MOST, presented by Margarita's, on Friday, September 13. Thank you!

Lauren Kochian

A handwritten signature in black ink, appearing to read "L. Kochian", is enclosed in a light gray rectangular box.

one open door can open doors across a community.

Our most important work happens outside the four walls of our bank. KeyBank gets involved, supporting people who make a difference and working with community-focused organizations through investments, philanthropy, and volunteering. We believe that together we can keep our communities full of hope, compassion, and opportunity, one open door at a time.

KeyBank thanks MOST Foundation for making a difference.
